

Full-Time Progression Guarantee

Bedford College is committed to ensuring everyone in our community can develop their education and skills to the highest level.

If you study a full-time programme from Entry-Level to Level 2 with us, you will be guaranteed progression on to any programme at the next level, so long as you meet the criteria below:

- you have completed and achieved your main qualification, e.g. BTEC Diploma
- attended all exams required for your programme of study including functional skills and GCSE
- submitted all of your coursework on time
- met the College's standards in relation to performance, attendance and behaviour.

For some occupational skills programmes at Level 3, such as Hairdressing, Hospitality and Motor Vehicle, you must have Level 2 skills in that occupation. Therefore, if you would like to progress to these programmes, we will support you to fast-track through the Level 2 qualification with a guaranteed Level 3 place at the end (subject to meeting the requirements above).

Some Level 2 and Level 3 programmes in technical areas, such as Engineering, require a higher level of Maths or English skills than you may have achieved. If this is the case, we will support you to achieve additional Maths, English or Science qualifications first.
